

## **1 SAMUEL WEEK SEVEN – “The Fall of Saul”**

### **January 28, 2021**

**This section puts Saul’s oldest son Jonathan in the spotlight. Jonathan is the son who in chapter 14 unwittingly ate honey after his father’s order to fast, thus incurring the penalty of death until the troops protested and Saul relented. As if that incident wasn’t a sign that Saul was already coming unhinged, we’re now entering into a part of the story that shows exactly how unstable and insecure he is and why Israel needs a new King.**
