

# DynamicDialogue™

A practice for our times and all seasons...

brought to you by Soul Awakening, a ministry of Chico First Baptist in partnership with First Christian.

Inquire with openness,  
value different perspectives,  
expand thinking with new information,  
speak truth with compassion,  
seek common ground for the  
common good!

Weary with the way our public discourse  
shreds good people? And complex issues  
are made simple by shouting?

DynamicDialogue™ is an offering of  
listening and speaking with grace,  
curiosity and integrity. We listen  
with a willingness to be changed by  
what we hear and we speak from  
an inner groundedness.
